

The Species Conservation Grants support a variety of field conservation initiatives that focus on threatened animal species.

What are these grants?

- There are two separate grants: the Amphibian Conservation Fund and the Small Grants Programme.
- Projects of up to 12 months are supported with 5000 Euro.
- Deadline for both grants is the 25th of July 2021.

Who can apply?

- Grants are open to everybody, for all thematic approaches and regions, except US, CA, AU and NZ.
- Discover more criteria on our [website](#).
- Don't miss our webinar with more information!
